PARKWOOD SPRINGS FUNGI 2022

These are the species positively identified on our autumn fungi walk, led by Ziggy Senkans, October 2022. Many thanks to Ziggy for another great walk.

Birch Polypore (Razor Strop fungi)

Oysterling

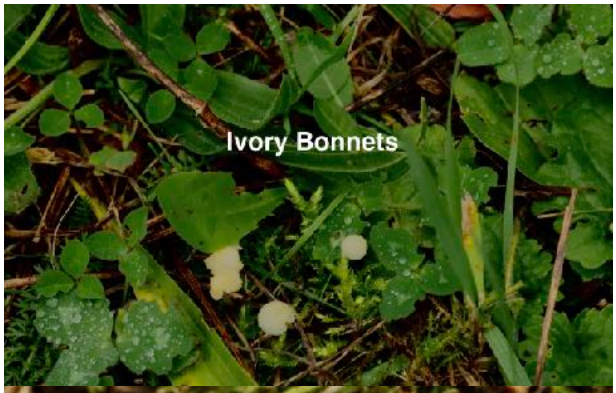
Birch Polypore from below

Birch Mazegill

Birch Mazegill

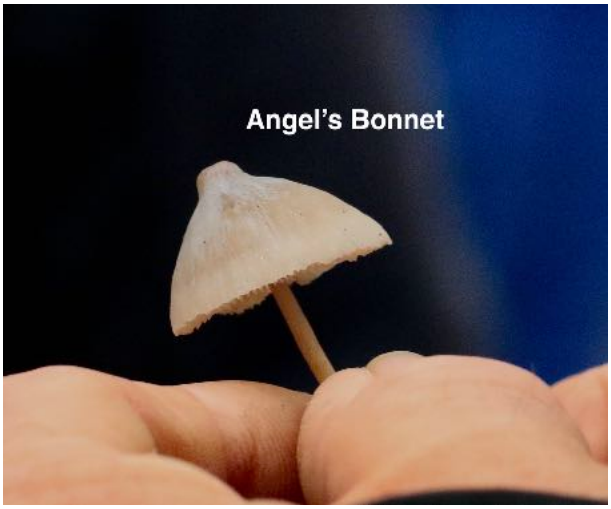
Brittlestem

Wood Pinkgill



Ivory Bonnets

Wrinkled Club



Angel's Bonnet

Blackening Waxcap, (shows
as orange when young

Blue Spot

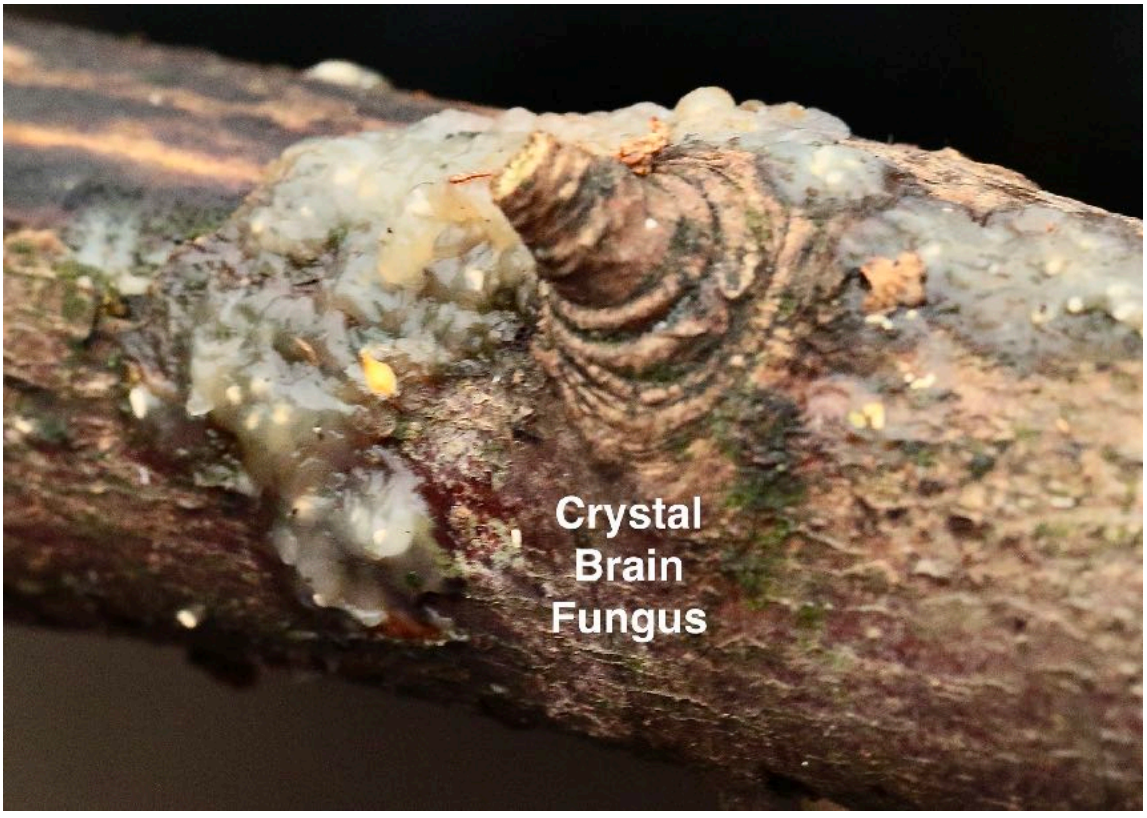
Clouded Funnel

Common Funnel

Common Girdled Knight

Common Girdled Knight with Ziggy, our guide

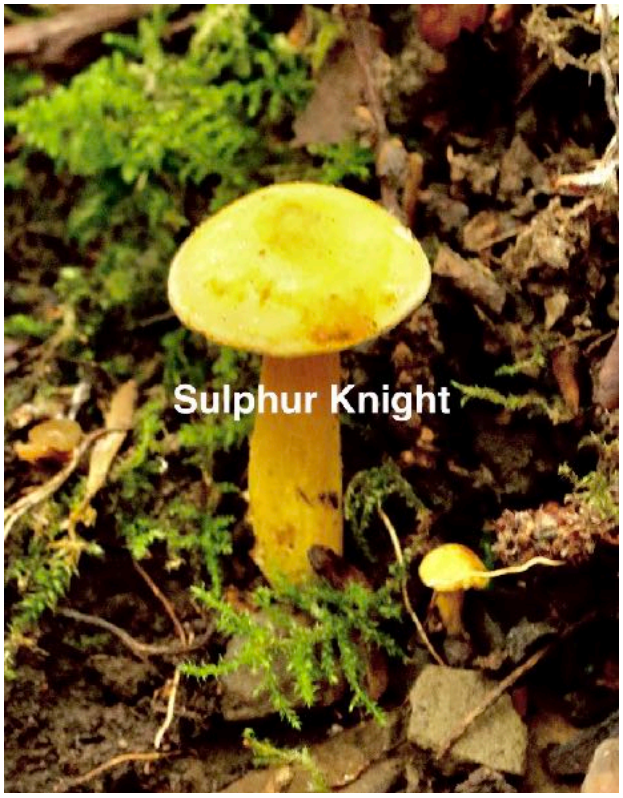
Turkey Tail



Crystal
Brain
Fungus

Candlesnuff Fungi

Fly Agaric



Slime mould is not a fungus but this (wonderfully named) mould is quite common on old wood at Parkwood Springs

Over 30 people, adults and children attended the guided fungi walk. (Shaggy Inkcap was present on site a few days later)
